

ONA

SHORT FILM FESTIVAL

VENEZIA 2021

OUR VISION

ONA Short Film Festival aims to share life-changing stories of outdoor sports, nature, and environmental awareness. We believe these themes can have a vital impact on today's society.

Direct contact with nature awakens us to the knowledge that we are a pivotal piece of the environment in which we live, and have a responsibility to protect it. Outdoor sports ultimately teach us values that create more sensitive people, and a better world for many more adventurers to come.
